CLASS & FIELD FALL PROGRAMS

Free!

OCTOBER 14 THE HUBBUB ABOUT HUBBLE,

Presented by Allison Barnes, Park Interpreter, A stunning illustrated presentation on the Hubble Space Telescope followed by telescope viewing of Saturn, the Ring Nebula, the Andromeda Galaxy and beyond.

OCTOBER 21 THE GEOLOGIC STORY OF THE SAN JACINTO MOUNTAINS,

Presented by Allison Barnes, Park Interpreter. One can't fully appreciate these mountains without understanding, even just a little, the awesome forces responsible for their creation over the last 200 million years.

OCTOBER 29 BIRDS OF ANOTHER FEATHER,

with Kurt Leuschner, Ornithologist and Professor of Natural Resources at College of The Desert. Join Kurt on a stroll through the sub alpine forests of Mt. San Jacinto to see the birds of the high country, residents, and migrants on their way to winter homes.

NOVEMBER 4 THE TEN ESSENTIALS FOR

WINTER, Class and Hike Program with Carl Maples and members of the Hasty Search & Rescue Team, Learn what new gear and knowledge is essential for safe winter wilderness travel. Includes moderate 5 miles of backcountry hiking.

NOVEMBER 18 ROUND VALLEY DISCOVERY

HIKE with Allison Barnes, Park Interpreter and Carl Maple, Senior Wilderness Patroller. Discovery Hikes are guided exploration beyond the normal confines of the trail.
