**PALM SPRINGS AERIAL TRAMWAY TO CLOSE
FOR ANNUAL PREVENTATIVE MAINTENANCE**

PALM SPRINGS, CA (September 1, 2026) The **Palm Springs Aerial Tramway** will close for annual preventative maintenance beginning **Tuesday, September 8, through Sunday, October 4** with a tentative **reopening date of Monday, October 5 at 10:00 a.m.** The last day to ride the Tram before the annual maintenance closure is Monday, September 7.

“During this year’s shutdown, we will be repainting tramcar cabin interiors and rebuilding the carriage on cabin two, which supports the cabin as it rides on the track ropes,” says **Vice President of Tramway Systems Chris Bartsch**. “Annual state-permit testing will be conducted, and our Switzerland-based technicians will be performing annual service to the controls system.”

Tramway General Manager Nancy Nichols adds, “Each year, the Tramway’s annual preventative maintenance closure gives our maintenance team the dedicated time needed to complete important projects that cannot be performed during regular business hours. This work helps ensure the continued safety, reliability, and enjoyment of the Tramway for all our guests. We hope you’ll visit us in the days leading up to the closure, and we look forward to welcoming everyone back in October.”

.....
About Palm Springs Aerial Tramway

The Palm Springs Aerial Tramway is the world’s largest rotating tram car. Opened in 1963, the Tram’s 80-passenger cars travel along the breathtaking cliffs of Chino Canyon from the Valley Station (elevation 2,643 ft.) to the Mountain Station (elevation 8,516 ft.) in approximately 10 minutes. For more information, please call 888-515-TRAM or 760-325-1391 or visit www.pstramway.com. Also, download the Tramway’s free mobile tour in the App Store or Google Play.
